Inclusion & Diversity

Our focus

We know that to achieve our inclusion and diversity objectives we need to focus on a number of areas:

Developing a diverse leadership – We have a mix of different ethnicity and genders on our leadership groups. We are working hard to improve the gender balance of our partner team and we are striving for 35% female representation by 2027.

Attracting a diverse workforce – This means adopting a properly personal approach when connecting with those interested in joining our team including: ensuring fairness in our processes; working with those, like recruiters, who help us in this; a commitment that you will always meet male and female talent in our recruitment interviews.

Engaging with everyone in our team to ensure they are heard, supported and understood. Encourage everyone to develop their own voice in shaping our culture, their future and our service to clients. That might be working flexibly or that might be a specific career programme - everyone needs different things at different times.
